Dear Overseas Voter,

Thank you for using the Overseas Vote site to generate your Voter Registration/Ballot Request form.

Please follow these steps to complete the ballot request process:

1. Check your form:

Verify your information. If corrections are needed, return to the Overseas Vote website, <http://www.overseasvote.org> to correct and download a new form.

2. Print and sign your form:

Sign your form and addendum page. Your election official requires your **ORIGINAL SIGNATURE**.

3. Address your envelope to your local election office:

4. Send in your Signed, Dated Original Form:

Postal Mail: Overseas Vote recommends regular postal mail as the most secure method for transmitting your confidential election materials to your local election office.

Mail your form from a post office, if possible, and have the envelope legibly postmarked with the mailing date.

Other Transmission Options: Some states allow you to fax or email the form to speed processing. You can find all of the Voter Materials Transmission Options for your state on the Overseas Vote website under State Voting Requirements.

5. Confirm that you are on the voter rolls and will receive your ballots.

We recommend that you contact your local election official after sending in your ballot request form to confirm that it has been received and approved.

Never assume that your ballot will simply arrive for the next election. Contact your election office and avoid surprises.

Am I Registered? Consult the State Lookup Tools in the State Voting Requirements section of our website for your state's voter registration confirmation service.

6. Mark Your Calendar and Be Prepared to Use a Back-Up Ballot

Sometimes ballots arrive late. If you haven't received your official ballot from your local election office **30 days** before the election, return to the Overseas Vote website and use the Federal Write-In Absentee Ballot option.
