

Thank you for using the U.S. Vote Foundation (US Vote) voter services to generate your state-specific Voter Registration form. Please follow the 5 steps below to complete the application process.

**1. Check your documents:**

Verify your information: If corrections are needed, return to the US Vote website, <http://www.usvotefoundation.org> to correct and download new forms.

**2. Print, sign and check the date on your forms:**

Sign your Voter Registration form and addendum page.  
Your election official requires your ORIGINAL SIGNATURE on the forms.

**Address your envelope to your local election office:**

**3. Send in your Signed, Dated Original Form with the Required Voter Identification:**

Check the US Vote site, GET INFO/State Voter Information Directory, to confirm your Voter Identification Requirements. Make sure to sign and date your form as well as to include copies of the required identification documents.

US Vote recommends regular postal mail as the most secure method for transmitting your confidential election materials to your local election official.

**4. Confirm that you are on the voter rolls and will receive your ballots.**

US Vote recommends that you [contact your local election official](#) after sending in your application to confirm that it has been received and approved, and that you will receive your ballots.

**Local Election Official:**

Never assume that your ballot will simply arrive for the next election without confirming it.  
Contact your election official and avoid surprises.

Online Registration Confirmation: Consult the State-Specific Voter Information Directory for your state's voter registration confirmation service.

**Thank you!**
