

Every Citizen is a Voter

Dear Voter,

Thank you for using the U.S. Vote Foundation site to generate your Voter Registration form.

Please follow all steps to complete the registration process. Your form must be sent to your election office.

1. Double check your form to verify that your information is correct:

If changes are needed, return to the US Vote website to correct and download a new form.

2. Print and sign your form:

- Print, sign and check the date on your registration form.
- Your election official requires your ORIGINAL signature on the form.
- Your signature is more than a signature - it is part of your identity: The signature on your registration request form will be kept on file with your election office. It will later be matched to your in person signature or the signature on your ballot return envelope to verify your identity. Don't forget to sign and keep your signature consistent!

3. Address your envelope and send your form to your local election office:

US Vote recommends regular postal mail as the most secure method for returning your election materials to your local election official.

You may be able to return your registration by fax, email or online – find out what options are available by visiting [State Voting Requirements / “Voter Materials Transmission Options.”](#)

Please mail your signed form to your election office as soon as possible.

Every Citizen is a Voter

4. Check the Required Voter Identification:

Visit US Vote's [State Voting Requirements / "Identification Requirements."](#) Make sure to include copies of the identification required by your state with your signed form.

5. Questions? Need Help?

Reach out to your local election official for assistance:

6. Please give back to US Vote

Every Voter Deserves Safe and Secure Ballot Access

With your support U.S. Vote Foundation and our Overseas Vote initiative can help more voters participate during this current public health crisis.

Help us to help other voters. Your contribution makes a difference!

As a nonpartisan, not-for-profit, civic organization, we rely on donations from engaged citizens like you. Please donate now and consider making a recurring donation – a small monthly donation sustains our operations and changes everything about what we can do for you and other voters.
